

Xi State Visual & Performing Arts Display Xi State Convention

June 9-11, 2011 – Sewanee, Tennessee

Application Deadline: April 5, 2011

Instructions: Please type all information. This application utilizes a table format and is designed to expand as you type. Point and click with your mouse to enter information.

What is the Visual & Performing Arts Display?

At the annual Xi State Convention, chapters may display items reflective of their chapters' theme, purpose, or activities during the year. Responsibility for creating and coordinating this display is usually charged to the individual chapter's Visual & Performing Arts Committee. However, the involvement of the entire chapter is encouraged.

What is the purpose of the Visual & Performing Arts Display?

This display provides each chapter with an opportunity to showcase an item, individual, project, or event that is important in the life of that chapter.

What should the display include? The display for 2011 should celebrate your chapter's accomplishments, activities, or interests during the year. Depending on the number of chapters participating you may or may not be asked to share a table with another chapter. Please bring a red or white cloth to cover the table. Perhaps you would like to consider adding a performance to your display.

Why should my chapter setup a display or exhibit?

The display is not required. Last year over 50 chapters elected to set up exhibits showcasing their chapter. Chapters that participate in this activity will receive points toward the Chapter Excellence Award! More importantly, however, is the opportunity to share the good things about your chapter with other Xi State sisters. You need 5 members to contribute to receive points.

Chapter Name:

Chapter's Visual Arts Chairperson:

Number of Chapter Members:

Number of Members Contributing Work to the Exhibit:

Each chapter will be limited to one table.
